About Tumblestone

Tumblestone is the first original action-puzzle game of the past fifteen years. Race your friends in multiplayer or challenge yourself in story mode. Solve progressively more difficult and creative puzzles, help a sausage make friends, and find out what happened to the Tumblecrown.

Key Features

- **Competitive multiplayer:** Tumblestone's intense puzzle-solving action will turn playing "just a few more rounds" with friends into a late-night Tumblestone marathon.
- **Local multiplayer:** Up to four players on a single computer.
- **Online multiplayer:** Play online against your friends or make new ones using Tumblestone's ranked matchmaking system.
- **Bots:** Have an open slot? Play against the computer. But can anyone withstand the punishing Nightmare bot?

-
- **Story mode:** The 40+ hour story campaign will test your puzzle-solving prowess. Featuring 10+ gameplay modifiers, challenge puzzles, and boss battles.
 - **Arcade modes:** Kick back and relax with the casual Marathon mode, scratch an intellectual itch with the Infinipuzzle mode, or get your blood pumping with the fast-paced Heartbeat mode.
 - **Leaderboards:** Online leaderboards let your friends know you're better than them.
 - **Quest:** Hundreds of unique quests to complete.
 - **Stats:** Rank up, then compare how you stack up against your friends.
